ANNUAL REPORT
2020-2021

The 2020-21 academic year was significantly impacted by the COVID-19 pandemic. Students participated in remote learning for parts of the year. In spite of this, the students at Cesar Chavez College Preparatory School kept pace with National cohorts with respect to academic growth as measured by NWEA norm-referenced assessments. Learning loss was evident in comparing the the results of the Ohio State assessments with previous years. Strategies to deal with learning loss includes an early start to the 2021-22 academic year.

Cesar continues to provide evidence-based curricula and practices for its diverse student population; facilitated by our 100% Highly Qualified Teachers. At Cesar Chavez. we provide our students with opportunities to establish relationships with their teachers and classmates while introducing them to the expectations and underpinnings of “Real World Learning”. Cesar Chavez has high expectations for achievement for all students. The school has multiple TESOL-certified teachers, providing skilled instruction to its large English Learner population. Free breakfast and lunch are provided, as well as culturally and academically relevant field trips. We believe that it is critically important for your child’s educational experience that they have a sense that a positive, healthy relationship exists between their parents and the School. This provides them with a sense of security which is a foundation for good learning!

Mission: To make a “World of Difference” in the lives of our students by utilizing evidence-based education practice within an environment high in morals, social standards and care; measured by academic growth metrics.

Vision: To prepare students academically, socially and morally to become effective contributors to society with a focus on Real World Learning and career exploration.

EDUCATIONAL PHILOSOPHY

Cesar Chavez College Preparatory School is committing to the following:

- Providing a safe, caring and disciplined learning environment.
- Accepting no excuses for any child's failure to learn.
- Expecting and teaching all students to exhibit exemplary behavior.
- Emphasizing academic basics, especially in primary grades.
- Accepting only high student achievement based on rigorous, meaningful standards measured frequently (daily).
- Utilizing evidence-based curricula and instructional techniques.
- Employing a mastery model of learning in all academic areas to promote skill generalization.
- Treating parents as customers.
- Freeing teachers from inefficiencies and equipping/coaching them to teach all students to high levels of academic success.
- Utilizing the latest advances in technology.
- Abide by the premise that no child is someone else's child.

The educational philosophy of the program states that every child can learn if taught appropriately. In other words, children who fail have been failed by the instruction to which they have been submitted. Equipped with a proven curriculum, school staff must follow successful instructional practices, evaluate each child daily, and as needed, alter ineffective teaching practices to meet the needs of every child. The school emphasizes basic skill development and mastery at every stage so as to make it most probable that skills will be applicable and generalizable beyond the immediate instructional setting.

Academic Assessment and Accountability

Sixty eight percent (68%) of Cesar Chavez students are English Learners. The students continue to show significant, consistent gains. We continuously focus on advancing our students to the next level and utilize evidence-based best practices to accomplish this aim. Through the use of ongoing Benchmark formative assessments and MAP interim assessments, Cesar Chavez students predominantly exceeded projected growth targets in ELA and Math for the 2020–2021 year (**Figure 1**). It is our goal to continue to move our students forward through our 100% Highly Qualified Teachers, Data-Driven Decision making, Achievement Teams, Response to Intervention (RTI/ESL) program and ongoing Aligned Benchmark Assessments.
