**ANNUAL REPORT**  
**2020–2021**

The 2020-21 academic year was significantly impacted by the COVID-19 pandemic. Students participated in remote learning for parts of the year. In spite of this, the students at **Educational Academy for Boys & Girls (EABG)** kept pace with National cohorts with respect to academic growth, as measured by NWEA norm-referenced assessments. Learning loss was evident in comparing the the results of the Ohio State assessments with previous years. Strategies to deal with learning loss includes an early start to the 2021-22 academic year.

The enrollment and academic performance of **EABG** has shown steady growth as the school aims to “Make a World of Difference” to its students, families and community. Our focus is on preparing each student for 21<sup>st</sup> Century career readiness with a concentration on English Language Arts and Mathematics using a rigorous College-Preparatory curriculum. This program allows for our students to gain experience in the latest technological advances in instructional methods, including Smart Boards, and portable computer labs. We are proud that our multicultural student body has thrived and that the students outperform neighboring public schools significantly on achievement tests. We welcome you to come tour our school to observe the outstanding teaching and learning that takes place daily.

**Mission:** To make a “World of Difference” in the lives of our students by utilizing evidence-based education practice within an environment high in morals, social standards and care; measured by academic growth metrics.

**Vision:** To prepare students academically, socially and morally to become effective contributors to society with a focus on Real World Learning and career exploration.

## EDUCATIONAL PHILOSOPHY

### **Educational Academy for Boys and Girls is committing to the following:**

- Providing a safe, caring and disciplined learning environment.
- Accepting no excuses for any child's failure to learn.
- Expecting and teaching all students to exhibit exemplary behavior.
- Emphasizing academic basics, especially in primary grades.
- Accepting only high student achievement based on rigorous, meaningful standards measured frequently (daily).
- Utilizing evidence-based curricula and instructional techniques.
- Employing a mastery model of learning in all academic areas to promote skill generalization.
- Treating parents as customers.
- Freeing teachers from inefficiencies and equipping/coaching them to teach all students to high levels of academic success.
- Utilizing the latest advances in technology.
- Abide by the premise that no child is someone else's child.

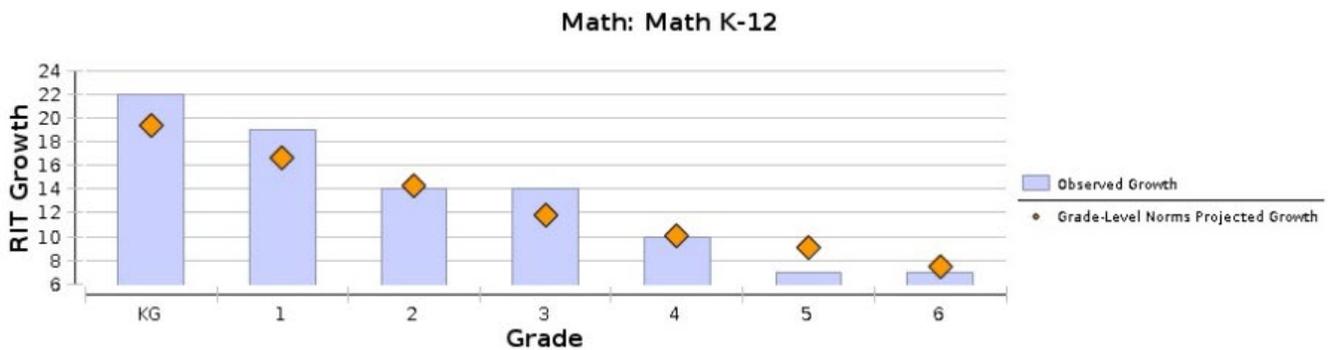

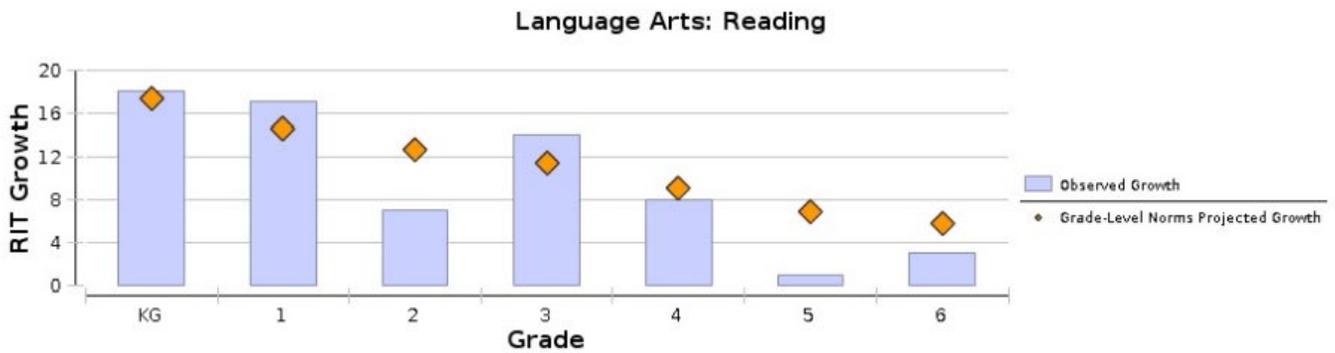

The educational philosophy of the program states that every child can learn if taught appropriately. In other words, children who fail have been failed by the instruction to which they have been submitted. Equipped with a proven curriculum, school staff must follow successful instructional practices, evaluate each child each day, and as needed, alter ineffective teaching practices to meet the needs of every child. The school will emphasize basic skill development and mastery at every stage so as to make it most probable that skills will be applicable and generalizable beyond the immediate instructional setting.

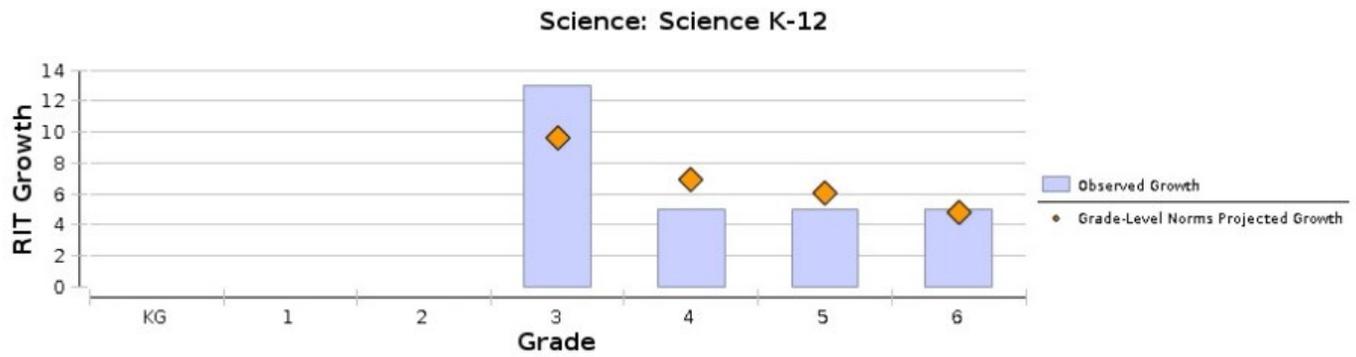

### **EABG Financial Plan:**

<b>Total Operating Revenues:</b>	<b>\$1,391,368</b>
<b>Total Expenditures:</b>	<b>\$1,847,286</b>
<b>Total Nonoperating Revenues</b>	<b>\$504,123</b>
<b>Beginning Cash Balance:</b>	<b>\$59,598</b>
<b>Ending Cash Balance:</b>	<b>\$314,976</b>

**Academic Assessment and Accountability:** 57% of EABG students are English Learners. With the support of our 100% highly qualified teachers and research-proven curricula, our students continue to meet projected yearly gains. EABG continuously focuses on advancing our students to the next academic level and utilize best practices to accomplish these aims. Through ongoing benchmark and MAP interim assessments, students exceeded projected growth targets in Reading and Math scores in some grades and struggled in others (**below**). We are pleased with the hard-fought academic gains achieved at EABG, and accept the COVID-related challenges to address learning loss.
