Directors' of Academic Report

Presented by Dr. Estella Stephens, Superintendent; she spoke on:

- Current Enrollment is 335
- The school year has started, and MAP testing and pretests are being done.
- Behavior management coaching for PBIS is taking place in the building.
- Cultural sensitivity trainings took place specifically for our population of students, Somali, Latinx and Ukrainian.
- Microaggression and curriculum training has taken place. The curriculum training will be ongoing and job embedded.
- We had a stress, suicide training that took place on September 16, 2022 for staff, as well as health and wellness training programs being done with Dr. James Kelly.
- Routines have been set in place and parent open house took place.

Dr. McKay asked if there was sufficient heat in the building and Dr. Estella informed that yes we have a boiler and sufficient air conditioning. She further advised that we are working through transportation issues.

- Results from NAEP was shared from across the Nation and how reading and math scores reduced dramatically during COVID-19 and how Cesar did not experience the same learning loss.
- The newly released State Date Scores was shared but advised had not had a chance to really disaggregate the information since it was only released at noon.

Mr. Morgan asked what attributed to our scores being different compared to the national average. Dr. Robert advised that in part it had to do with schools not being in session and we were in person for the majority of the year. Dr. Estella stated that those enrolled in other schools that went remote for the majority of the year did not have support virtually and we had the staff to provide support and helped with the language barriers during the few weeks we went remote due to COVID.

Dr. Robert said enrollment is up and word of mouth has been a strong recruiting tool.

Dr. McKay asked if a publication was being done and Dr. Robert informed, he would be in

Director of Academic's Report

Presented by Dr. Estella Stephens, Superintendent, she spoke on:

- Current Enrollment -150
- Benchmark testing is currently taking place.
- Results from NAEP was shared from across the Nation and how reading and math scores reduced dramatically during COVID-19 and how EABG did not experience the same learning loss.

Mr. Morgan asked what took place to increase the enrollment from last year. Dr. Estella said budget was planned conservatively and we have had a consultant working with us on a marketing plan. We participated in several events over the summer where literature was handed out from our table, advertising in magazines and newspaper. The community liaisons were involved with speaking with parents and there is an upcoming raffle in October for new enrollees and of course word of mouth.

Mr. Morgan asked if a Facebook page was created and if we could put these accolades on it.

- The school moved us in their performance, and they did not miss a beat during the pandemic in ELA or math.

Ms. Anderson asked how this will prepare our students when they graduate to into IT field since Intel is coming. Dr. Estella said if Ms. Anderson is able to make connectivity to make us aware.

- The newly released State Date Scores was shared, and the school jumped 5 points.

Mr. Morgan said that there are likely a cluster of students who are challenging each other to produce those results.

Ms. Anderson stated that she sent PSLF information to Ms. Raglin and the Stephens' but not the Board Members and requested to have it forwarded to Board Members. She advised that staff would have October 31 to catch up on payments and said would be willing to do the 2-hour training specifically for our staff

Discussions ensued regarding the opportunity for Midnimo as a high performing Ohio community school being eligible for this grant fund. Ms Anderson discussed the highly successful academic program at Midnimo but the facility, being a retired Catholic school building was not encouraging for the future and hindering enrollment and opportunity. There are efficiencies in operation emerging from a new, modern building for Midnimo.

- Approve and authorize the application to apply for the Ohio Facilities Construction Commission for Community School Classroom Facility Grant
