Director of Academic's Report

Presented by Dr. Estella Stephens, Superintendent, she spoke on:

- Current Enrollment -150
- Benchmark testing is currently taking place.
- Results from NAEP was shared from across the Nation and how reading and math scores reduced dramatically during COVID-19 and how EABG did not experience the same learning loss.

Mr. Morgan asked what took place to increase the enrollment from last year. Dr. Estella said budget was planned conservatively and we have had a consultant working with us on a marketing plan. We participated in several events over the summer where literature was handed out from our table, advertising in magazines and newspaper. The community liaisons were involved with speaking with parents and there is an upcoming raffle in October for new enrollees and of course word of mouth.

Mr. Morgan asked if a Facebook page was created and if we could put these accolades on it.

- The school moved us in their performance, and they did not miss a beat during the pandemic in ELA or math.

Ms. Anderson asked how this will prepare our students when they graduate to into IT field since Intel is coming. Dr. Estella said if Ms. Anderson is able to make connectivity to make us aware.

- The newly released State Date Scores was shared, and the school jumped 5 points.

Mr. Morgan said that there are likely a cluster of students who are challenging each other to produce those results.

Ms. Anderson stated that she sent PSLF information to Ms. Raglin and the Stephens' but not the Board Members and requested to have it forwarded to Board Members. She advised that staff would have October 31 to catch up on payments and said would be willing to do the 2-hour training specifically for our staff

Discussions ensued regarding the opportunity for Midnimo as a high performing Ohio community school being eligible for this grant fund. Ms Anderson discussed the highly successful academic program at Midnimo but the facility, being a retired Catholic school building was not encouraging for the future and hindering enrollment and opportunity. There are efficiencies in operation emerging from a new, modern building for Midnimo.

- Approve and authorize the application to apply for the Ohio Facilities Construction Commission for Community School Classroom Facility Grant
